MINUTE

OF THE CHAIRMAN OF THE BOARD FOR THE YEAR 1923—1924.

INTRODUCTORY.—The year which has just closed, the eleventh in the history of the Board, has been fraught with much difficulty, due mainly to the financial stringency of the times. With a falling revenue, and the continued limitation of financial assistance from the Provincial Administration, it has been necessary to restrict expenditure to an extent much beyond reasonable economy, particularly on the care and upkeep of buildings. Having regard to the special anxieties which the financial position has entailed, and the constant vigilance required of the Board to ensure that their strictly limited spending power was not exceeded, it must be gratifying to the members to note that their primary concern, the care of the sick, has not been neglected. The number of in-patients treated during 1923 was 6,537; compared with 6,133 in 1922 this shews an increase of $6\frac{1}{2}$ per cent. The attendances of and upon out-patients rose from 78,522 to 91,197, an increase of over 16 per cent. It will be seen, however, from the figures published under another heading, that during the year 1,028 patients had to be refused admission to hospital, on account of the lack of accommodation for them in existing institutions. The problem of increasing existing hospital accommodation is insoluble under present conditions. Evidently the utmost that can be hoped for is that it will be possible for another year to maintain the present accommodation. It would be a calamity if it became necessary to close down a number of beds, when it is so abundantly clear that the available accommodation is quite inadequate for the needs of the community, but the possibility of having to adopt such a desperate measure has already been seriously debated, and may have to be considered again when advice has been received of the decision of the Provincial Administration upon the Estimates which have been submitted by the Board in respect of the year 1924.

MEMBERSHIP OF THE BOARD.—The members who retired by effluxion of time a year ago were the Rev. A. P. Bender, Mrs. A. Eburn-Salmon, Mrs. Hector Mackenzie and Mrs. J. L. Plant. With the exception of Mrs. Plant they were re-elected. Dr. O. J. Currie, a former member of the Board, was also elected. At the first meeting of the reconstituted Board held on 28th March, the resignation of Mr. Thos. Mossop was received, and the Board appointed Mrs. J. L. Plant in his place, for the unexpired portion of his term of office.

The City Council of Cape Town appointed as their representatives the Rev. H. J. Barnes and Mr. E. Hopper, each for a term of three years. Mr. S. N. Ponder was re-appointed for one year as joint representative of the Municipalities of Wynberg, Simon's Town and Durbanville. The Divisional Council of the Cape appointed Messrs. H. J. S. Durr, A. H. Oxenham and N. Thatcher.

The representatives on the Board of the Honorary Visiting Medical Officers of Institutions were appointed as follows:

Somerset Hospital: Professor C. F. M. Saint and Dr. J. B. Lester.

Woodstock Hospital: Dr. R. Sharp.

Rondebosch and Mowbray Cottage Hospital: Dr. A. R. McLachlan.

Victoria Hospital, Wynberg: Dr. H. Claude Wright.

Simon's Town-Kalk Bay Hospital: Dr. T. W. P. Hayes.

The Hon. the Administrator reappointed Dr. Julius Petersen for a term of three years, and appointed Mr. Frank Robb for the same term, in succession to Sir Ernest Kilpin. Rev. G. F. C. Faustmann was appointed by the Hon. the Administrator in the place of Dr. A. Marius Wilson, for the unexpired portion of his term of office, namely two years.

CHAIRMAN AND VICE-CHAIRMAN.—I was again re-appointed Chairman of the Board, and Mr. A. J. S. Lewis was again reappointed Vice-Chairman.

HEAD OFFICE PREMISES.—A good deal of consideration has been given during the past year to the pressing question of providing more suitable Head Office premises. Many

possibilities have been explored in this connection; definite offers were made for premises in Cuthbert's Buildings, Plein Street, and in National Bank Chambers, Adderley Street, but were rejected in both cases.

HOSPITAL BOARD OFFICIALS.—When the Board met on 28th November, I directed attention to a draft ordinance which had just been gazetted to provide for the discharge of School and Hospital Board officials, and after pointing out what the effect would be if this ordinance became law, I asked the Board to take very serious notice of this attempt to make a further inroad on the legitimate powers of the Board, for under the draft ordinance an official might be discharged by the Administrator without reference to the Board employing such official. The following resolutions were thereupon adopted:

- (1) That the Cape Hospital Board protest most emphatically against the provisions in the published draft of an ordinance empowering the Administrator to discharge School and Hospital Board officials appointed under Ordinance No. 11 of 1920, without reference to the Boards employing such officials;
- (2) That the Board hereby resolve to combine with the School Board for the Cape Division in contesting, by all lawful means available, the passage through the Provincial Council of such an ordinance in the form published;
- (3) That a Special Committee of the Board, consisting of the Chairman, the Vice-Chairman, and Mr. Vos, be and is hereby appointed and authorised to act on behalf of the Board in giving effect to the foregoing resolutions.

The Special Committee appointed under the foregoing resolution numbered (3) reported at the December meeting of the Board that, in conjunction with the School Board for the Cape Division, certain amendments to the draft ordinance had been framed and forwarded to the Provincial Administration and to each member of the Provincial Council. The draft ordinance was not proceeded with during the last session of the Provincial Council, and the matter, therefore, remains *in statu quo*.

DELEGATION OF WORK TO STANDING COMMITTEES.—

On 24th January, 1923, the following motion introduced by Mr. M. O. Vos was adopted :

That in terms of Section 58 of Ordinance No. 5 of 1912, the Board delegate to the Standing Committees such work as may be legally performed by them.

The Secretary and Treasurer was directed to submit a report to the Board suggesting means whereby this resolution might be given effect. His report was presented to the Board on 28th March, 1923, and was referred to the General Purposes Committee for consideration, but up to the present that Committee has not submitted any recommendations thereon to the Board.

PATIENTS REFUSED ADMISSION.—The following is a summary of the returns submitted to the Board every month during the year 1923 shewing the patients refused admission, through lack of accommodation, at the several Hospitals:

	<i>European.</i>	<i>Coloured.</i>	<i>Total.</i>
Somerset Hospital	321	267	588
Woodstock Hospital	108	80	188
Rondebosch Hospital	67	45	112
Wynberg Hospital	64	53	117
Simon's Town Hospital ...	2	10	12
Peninsula Maternity Hospital	—	11	11
	<hr/> 562	<hr/> 466	<hr/> 1028

In the last Annual Report it was mentioned that there had been a good deal of controversy as to the value of these figures. In April of last year each Institution was instructed to note the name and address of every patient refused admission, in order that duplications of such refusals might be eliminated. The altered method came into operation from the beginning of May, and since then the returns have been rectified month by month in the manner indicated.

NEW HOSPITAL SCHEME.—In continuation of the statement under this heading in the last Annual Report, it has to be recorded that on 25th April the Further Hospital Accommodation Committee informed the Board that the legal advisers of the Government had expressed the opinion that

no part of the main drive through the Groote Schuur Estate could legally be closed. The Board accepted this ruling, and decided definitely to abandon the idea of closing to the public any part of the main drive through the Estate. Later in the year advantage was taken of a visit to Johannesburg of the Secretary and Treasurer (whilst on leave) to authorise him to proceed to Pretoria and act as the representative of the Board in regard to certain matters affecting the scheme. On his return he submitted a report which was presented to the Board on 24th October. Accompanying this report was (1) a new block plan showing the rearrangement of the scheme consequent upon the Board's decision to abandon the original idea of closing that part of the main drive through the Estate which intersects the Hospital site; and (2) revised estimates of the complete scheme and the part scheme, as the original estimates had been prepared in 1920 at a time when inflated prices ruled. The Board then decided to invite tenders for building the first portion of the Maternity Block, and this decision will be carried into effect as soon as possession of the site has been obtained under the lease which was drawn up in 1921 for signature by the University of Cape Town and the Board.

INTENSIVE USE OF EXISTING HOSPITAL ACCOMMODATION AND SEPARATE ACCOMMODATION FOR PAYING PATIENTS.—

The Special Committee appointed to deal with the question of exemption from the provisions of Section 54 of Ordinance No. 5 of 1912 travelled some distance beyond the strict terms of their reference and considered the whole question of the measures to be adopted to ensure that the best possible use is made of the hospital accommodation at present available. The conclusions they arrived at were embodied in the following resolutions:

- (a) That representations be made in the proper quarter for the amendment of Ordinance No. 5 of 1912 to provide (1) that no patient be admitted into any Institution controlled by the Cape Hospital Board who is in a position to pay 15s. per diem for maintenance in Hospital, excepting accident and emergency cases, and "contract" patients, and (2) that all patients admitted (excluding the exceptions mentioned in the preceding clause) be required to furnish, duly completed, the statutory admission form irrespective of the amount they may undertake to pay.

- (b) That the Board reserve to themselves the right to question the suitability of any case admitted, and the amount of the hospital charges paid or to be paid by any patient.
- (c) That the payment of hospital charges have priority over the payment of medical fees.
- (d) That a circular be sent to the honorary medical staff of each Hospital affected, stating that certain cases have been brought to the notice of the Board of patients having been charged medical fees although they have not contributed towards their maintenance in hospital or have contributed less than 3s. 6d. per diem; pointing out that this is a breach of the provisions of Ordinance No. 5 of 1912, and that the Board in future will refer such cases to the honorary medical staff of the Hospital concerned for adjudication, and should any such charge be substantiated the Board reserve the right, after due warning, to ask the medical practitioner concerned to resign his position on the honorary staff of the Hospital.
- (e) That hospital accommodation for paying and "contract" patients should be provided in a special Institution, and that it is believed such an Institution under the control of the Board could be conducted on a self-supporting basis.
- (f) That every endeavour should be made to improve the efficiency of existing Institutions, and the following suggestions are offered towards the achievement of this object:
 - (1) The revival of the proposal (temporarily abandoned) to appoint a part-time paid Radiologist at Somerset Hospital;
 - (2) The remodelling on modern lines of the old operating theatre at Somerset Hospital;
 - (3) The establishment of a Splint Fund to serve the several Hospitals controlled by the Board;
 - (4) The appointment of a trained nurse on the staff of the Eaton Convalescent Home;
 - (5) The early establishment of the projected Free Dispensary at Claremont;

- (6) The closer co-operation of the Board's District Nurses with the Free Dispensary movement.

The Board adopted this report and suitable action has been taken in accordance therewith.

The question of the establishment of a separate Hospital for paying and "contract" patients came in due course to the Buildings, Grounds and Equipment Committee, and was referred by that Committee to a Sub-Committee which framed a scheme under which it was proposed to secure a suitable building which could be adapted to accommodate about thirty patients. It was estimated that with fifteen patients under treatment throughout the year at an average cost of 9s. 6d. per patient per diem, if an average charge of 12s. 6d. per diem were levied, more than sufficient profit would be earned to pay the interest on the capital employed. The scheme was worked out in considerable detail, and on 17th October was submitted by deputation to the Hon. the Administrator who declined, however, to sanction it.

AFTER-CARE OF PATIENTS DISCHARGED FROM HOSPITAL.—In the early part of last year the Committee of the C.H.B. District Nursing Organisation submitted to the Board a scheme for the after-care of patients discharged from Hospital being entrusted to the several District Nurses. In her report on the subject, the Charge District Nurse stated that the adoption of this scheme should reduce the number of patients refused admission to the Hospitals for, if Medical Officers had authority to pass patients on to District Nurses, it would mean that more beds would be available for urgent cases, as doubtless there were many cases of patients occupying beds in Hospitals who could quite safely be discharged provided they could still be under the care of a qualified nurse. A similar system is in force in England and is found to afford much relief. The Charge District Nurse added that by forming this link between the Hospitals and the District Nurses, the District Nursing Organisation would become better known, and district nursing might possibly become more attractive and popular owing to the improved status which the Hospital connection would create; and that the system should also be the means of yielding a greater return for the expenditure incurred on the district nursing work. The Board adopted the scheme, and arrangements were made under which the doctor in charge of a case requiring after-

care notifies the District Nurse concerned, by sending direct to her a special form giving all necessary particulars of the case and its treatment.

EXEMPTION FROM SECTION 54 OF ORDINANCE NO. 5 OF 1912.—At a special meeting of the Board held on 17th April last, the following motion was introduced by Mr. M. C. Vos:

That the exemption from the provisions of Section 54 (a) and (b) of Ordinance No. 5 of 1912 already granted, and any similar exemption which may be granted to the Board in the future, be interpreted to mean complete exemption from the whole of the provisions of the said sub-sections in respect of all the hospitals controlled by the Board.

It was eventually decided that the subject matter of this motion should be referred to a Special Committee appointed for the purpose of considering the provisions of Section 54 of Ordinance No. 5 of 1912. On 23rd May the Special Committee reported to the Board that they had decided to bring the application for exemption in respect to the year 1923 into line with the interpretation adopted by the Board on 22nd December, 1920. Application had, therefore, been made to the Hon. the Administrator for exemption as follows during 1923:

- (1) From the provisions of sub-section (a) of Section 54 in respect of all the institutions under the control of the Board;
- (2) From the provisions of sub-section (b) of Section 54 in respect of Somerset Hospital and the Peninsula Maternity Hospital; and
- (3) From that part only of sub-section (b) of Section 54 which provides that patients paying three shillings and sixpence per diem and over towards their maintenance *shall be entitled to select their medical attendant whether on the staff or not*; in respect of all the institutions controlled by the Board except Somerset Hospital and the Peninsula Maternity Hospital.

Correspondence ensued with the Provincial Administration regarding the terms of this exemption, and eventually a letter, dated 2nd October, 1923, was received from the Provincial Secretary stating that the Hon. the Administrator, with the advice of the Executive Committee, had been pleased

to approve of the following amended authority being granted to the Board for the remainder of the current calendar year (1923) in regard to the exemption from the provisions of Section 54 of Ordinance No. 5 of 1912 in respect of the Institutions under their control:

- (1) All the Institutions under the control of the Board to be exempted from the provisions of sub-section (a) of Section 54 of Ordinance No. 5 of 1912 during the rest of the year ending 31st December, 1923;
- (2) The Somerset Hospital and the Peninsula Maternity Hospital only to be exempted from the provisions of sub-section (b) of Section 54 during the same period.

RESIDENT MEDICAL SUPERINTENDENT OF SOMERSET HOSPITAL.—At a meeting of the Board held on 23rd May last year, the following resolutions were adopted:

- (a) That following upon the decision of the Board of 24th January, 1923, applications be now invited by public advertisement in South Africa and in Britain for the appointment of Resident Medical Superintendent of Somerset Hospital at the salary and other emoluments at present authorised for such appointment;
- (b) That the Board hereby resolve, in the exercise of their powers under amended Regulation 71, that the appointment so advertised shall not be subject to annual review, but shall be in accordance with such of the provisions of Ordinance No. 11 of 1920 as apply thereto.

On 24th October it was reported to the Board that forty-eight applications had been received in response to the published advertisements, and that the Committee of Somerset Hospital had selected four of these applications and recommended the appointment of Dr. A. Carrington Seale, one of the four selected candidates. After deliberating upon the matter the Board submitted the names of the four selected candidates to a ballot, with the result that Dr. R. H. Williamson, of Glasgow, was declared the appointed candidate. At the following meeting of the Board, however, a letter was submitted from the Provincial Secretary, stating that the Hon. the Administrator was not prepared to approve, in terms of Ordinance No. 11 of 1920, of the appointment of Dr. Williamson. It was then resolved that Dr. A. Carrington

Seale's appointment as Resident Medical Superintendent of Somerset Hospital be extended temporarily for a period of twelve months, commencing on 1st January, 1924, at his present salary and other emoluments.

RESIDENT MEDICAL STAFF OF SOMERSET HOSPITAL.—

In October of last year there were submitted to the Board certain proposals of the Committee of Somerset Hospital with regard to the salaries, numbers and conditions of appointment of the resident medical staff, duties of registrars, working of the out-patient department, etc., and a Special Committee was appointed to consider these proposals and report thereon. At the last meeting of the Board (January, 1924) the Special Committee in question recommended that the resident medical staff (excluding the Resident Medical Superintendent) be increased from five to eight members and that these eight resident medical officers be as follows:

Four House Surgeons;

Two House Physicians, who will only be called upon for medical duties;

One House Surgeon for the out-patient department;

One House Surgeon for the special departments.

The Committee recommended, further, that each of these resident medical officers be paid salary at the rate of £100 per annum, and be provided with board, lodging and laundering of clothing; that the appointments be for six months only in one post, subject to satisfactory service, but that at the expiration of that term a resident medical officer be eligible for reappointment to another department; and that the appointments have effect from 1st February and 1st August in each year. It is intended that this increase of the resident medical staff shall take effect as soon as the Board have been notified that their Estimates for 1924 have been accepted by the Hon. the Administrator. Provision has also been made in the Estimates for 1924 for the appointment of a female clerk to assist in indexing the medical records of the Institution. It should be recorded in this connection that on 28th November last the Board adopted the principle that women should be eligible for resident medical appointments at Somerset Hospital.

TRAINING OF NURSES.—In December, 1922, the Committee of Somerset Hospital transmitted details of a scheme

of reorganisation of the training of nurses, which had been prepared by the Medical Advisory Sub-Committee and adopted by the Committee of the Institution. The main principles of the new scheme of training recommended were (a) the extension of the period of training of nurses from three to four years, and (b) the appointment of a Sister Tutor. After some consideration of the matter, it was decided to obtain the views of the respective Committees of Woodstock Hospital, Rondebosch and Mowbray Cottage Hospital and Victoria Hospital, Wynberg, and of the other Hospital Boards in the Cape Province controlling Hospitals which are recognised as three-year training institutions for nurses, upon the proposal for the extension of the term of training to four years, as it was felt that if the Board should decide that this proposal was inherently sound it would be impracticable to give effect to it at Somerset Hospital unless other hospitals recognised as three-year training institutions for nurses also came into line. With regard to Institutions controlled by the Board negative replies were received from the Committees of the Rondebosch and Mowbray Cottage Hospital and the Victoria Hospital, Wynberg; the Committee of Woodstock Hospital intimated that they were in favour of the proposal provided all the other hospitals adopted it, but added the observation that they were doubtful whether the time was yet ripe to introduce such a change in the smaller hospitals. The Port Elizabeth Hospital Board, the East London Hospital Board, the Kimberley Hospital Board and the King William's Town Hospital Board all declared against the proposed extension of the period of training. Having regard to the result of their enquiries, the Board, on 26th September last, declined to adopt the proposals put forward by the Committee of Somerset Hospital, and the term of training for nurses, therefore, remains unaltered.

COOKING TUITION TO NURSE-PROBATIONERS.—It was recorded in the last Annual Report that arrangements had been made for giving expert lectures and demonstrations in cookery to the nurse-probationers at Somerset Hospital and Victoria Hospital, Wynberg. During the past year these arrangements have been extended to Woodstock Hospital.

NURSES' PRIZE SCHEME.—At the June examination of the Colonial Medical Council for trained nurses, candidates entered as follows from the Board's Institutions: Somerset Hospital, 5; Woodstock Hospital, 1; Rondebosch and Mowbray Cottage Hospital, 2; Victoria Hospital, Wynberg, 1.

All these candidates were successful. At the midwifery examination held at the same time, 10 candidates from the Peninsula Maternity Hospital presented themselves, and all passed. The following awards were made under the Board's prize scheme:

- Miss B. Leighton (Somerset Hospital) 1st Prize, £5.
- Miss I. B. Thompson (Somerset Hospital) 2nd Prize, £3.
- Miss E. M. Drury (Rondebosch Hospital) 3rd Prize, £2.

In order of merit in the examination list for the Province they were placed respectively third (bracketed), fourth (bracketed) and seventh. The prize of £2 10s. awarded to the most successful midwife trained at the Peninsula Maternity Hospital was gained on this occasion by Miss B. M. Townsend, who took second place in the midwifery examination list for the Province.

CONSTITUTION OF THE BOARD.—The following report of a Special Committee appointed to consider certain matters relative to the Constitution of the Board and Committees of Institutions was adopted on 24th October last:

1. Your Committee were appointed on 22nd August, 1923, to consider the subject matter of the following motions introduced by Mr. A. J. S. Lewis and seconded by Mr. M. C. Vos:

- (1) That it be a recommendation to the Administrator to reduce the number of members of the Board to 15, allocated as follows:

(a) Elected by Contributors	3
(b) Appointed by Local Authorities (City Council of Cape Town, 2; Wynberg, Simon's Town and Durbanville Municipalities, 1; Cape Divisional Council, 3)	6
(c) Appointed by the Administrator	3
(d) Appointed by Honorary Visiting Medical Officers	3
- (2) That the Administrator be recommended to abolish the Committees of Institutions.
- (3) That the supervision of each Institution be undertaken by a Sub-Committee of three members of the Board, working under regulations approved by the Board.

(4) That any previous resolution of the Board which is inconsistent with the foregoing be and is hereby rescinded.

2. Mr. E. Graham Green was appointed Chairman of the Committee.

3. With regard to the foregoing motion numbered (1) your Committee recommend that the number of members of the Board, namely, thirty-six, and the allocation of the same, remain as at present.

4. After considering the foregoing motions numbered (2), (3) and (4), your Committee recommend that the Committees of Institutions remain as at present constituted, but be given financial control, provided that if the approved Estimates of Expenditure in respect of an Institution are exceeded, the members of the Committee of that Institution shall be, jointly and severally, personally responsible for the same. In the minutes of their proceedings your Committee have recorded that Mr. East and Mr. Ponder dissented from this finding: the former on the ground that if the recommendation is adopted there will be a reversion to the conditions prior to the passing of Ordinance No. 6 of 1920, which were found unsatisfactory; and the latter because, whilst agreeing with the proposed restoration of financial control to Committees of Institutions, he does not accept the principle of the personal liability of members of such committees for expenditure in excess of the approved Estimates.

SALT RIVER DISPENSARY COMBINED WITH WOODSTOCK HOSPITAL.—In the last Annual Report mention was made of the revision of the Board's policy with regard to Free Dispensaries and out-patient service generally, and it was recorded that as a first step towards carrying the new policy into effect the Board had decided to construct a new Out-Patient Department building at Woodstock Hospital, and that when this was available the work being carried on at the Salt River Free Dispensary would be transferred to Woodstock Hospital. It was also stated that the Board had accepted a tender of £1,233 for the construction of the new building. However, after the consent of the Hon. the Administrator had been obtained, as required by the terms of Ordinance No. 5 of 1912, the tender which had been provisionally accepted was withdrawn, and the next lowest tender of £1,385, submitted by Messrs. H. Weir & Coy. was, therefore, accepted. The building was completed in time to permit of the new arrange-

ment beginning on 1st August. Sufficient time has not yet elapsed to enable the full effect of the change to be judged, but so far as can be ascertained at present the results are quite satisfactory.

VICTORIA HOSPITAL, WYNBERG.—On 27th June it was reported to the Board that Dr. H. Claude Wright had resigned the position of Honorary Medical Superintendent of that Institution. The Board thereupon resolved to record their high appreciation of Dr. Wright's devoted service throughout the long period of thirty-six years, during which he had been connected with the Institution.

Miss M. E. Watts, of Lourenco Marques, was appointed Matron of the Institution, in succession to Miss L. von der Decken, and assumed duty on 28th September, 1923.

PENINSULA MATERNITY HOSPITAL.—On 25th October, 1922, the Board directed that the Eastern and South African Telegraph Co., Ltd., should be asked to consider the possibility of making a gift to the Board of the premises in Caledon Street occupied by the Peninsula Maternity Hospital, or of selling the property to the Board at a low price in order that it might be retained for the purposes of the Institution. In January, 1923, a reply was received to the effect that the Company were unable to accede to the Board's request for a free gift of the property. A further letter was then addressed to the Company enquiring the lowest price which they were prepared to consider for the property, if they were disposed to sell it to the Board. On 4th June the Superintendent of the Cape Town Station replied stating that the Managing Director of the Company wished him to inform the Secretary of the Board that the property stands in the Company's books at the sum of £12,000, but if the Board cared to submit an offer it would be placed before the Company for consideration. It was ascertained that the latest valuation of the property is £8,770, made up of £1,140 for the site and £7,630 for the buildings. The Board decided, on 27th June, to seek the consent of the Hon. the Administrator to make an offer of £4,000 for the premises in question, and this decision was acted upon, but a reply was received from the Provincial Secretary, dated 17th August, stating that the matter had been submitted to the Executive Committee who had regretfully decided that, as the establishment of the Maternity Hospital in connection with the Groote Schuur scheme was the object to be aimed at, and the financial circumstances of

the Province did not permit of the required sum of £4,000 being provided, the Board's request could not be acceded to.

PROVINCIAL SUBSIDY.—When the Estimates for 1924 came under consideration, I took the opportunity of making a comprehensive statement regarding the financial position, with particular reference to the question of Provincial subsidy. After pointing out the great disabilities under which hospital work is being carried on in the Cape Peninsula, due to the whittling down of the subsidy provisions of the Hospital Ordinance, I suggested that the Hon. the Administrator should appoint a Commission to recast the subsidy clauses of the Hospital Ordinance. That suggestion, I understand, is now before the Executive Committee of the Provincial Council.

REPAIRS TO BUILDINGS.—It was mentioned in the last Annual Report that when the Estimates for 1923 were adopted by the Board, it was resolved that a request be made for a supplemental estimate of from £10,000 to £12,000 for repairs, renewals, painting, etc., of the buildings of the several Institutions, and it was suggested that an officer of the Provincial Administration should be detailed to inspect these buildings with a view to confirming the necessity of this special financial provision, and framing detailed schedules of the repairs, etc., required. On 28th March, the Finance Committee reported to the Board that the Estimates for 1923 had been accepted, subject to certain provisos, but that the Provincial Administration had stated its inability to consider the question of a Supplemental Estimate for repairs, etc. The Board thereupon directed that a further communication be addressed to the Provincial Secretary, pointing out that they were unable to accept any responsibility in this matter, and asking whether there would be any objection to the Board approaching the Union Government direct with a view to obtaining the money necessary to carry out the essential repairs and renovation of the buildings in the custody of the Board. Subsequently a letter, dated 8th May, was received from the Acting Provincial Secretary stating that arrangements were being made for an officer of the Public Works Department to inspect the buildings of the several Institutions controlled by the Board, and suggesting that the question of the execution of the necessary repairs and renovation of such buildings be left in abeyance pending the receipt of the report of the officer in question. A reply was sent to this communication, asking that provision for the disposal of roof and surface water at Somerset Hospital be included in the

schedule of repairs, etc., compiled in respect of that Institution, and stating further that, if desired, the Chairman of the Buildings, Grounds and Equipment Committee of the Board would accompany the inspecting officer to the several Institutions. Writing again, on 13th August, the Provincial Secretary enquired how the Board proposed to finance the services stated to be necessary and estimated to cost £10,000 to £12,000. This communication came before the Buildings, Grounds and Equipment Committee, and in their report to the Board thereon the Committee expressed surprise that such an enquiry should have been made. On the recommendation of that Committee a reply was sent to the Provincial Secretary in the following terms:

- (a) That this Board have repeatedly, during the past six years, drawn the attention of the Hon. the Administrator to the condition of the buildings in their charge.
- (b) That had permission been forthcoming to spend at the rate of £2,000 per annum during that period, the repairs would now have been completed; and
- (c) That the Board have no proposals to make as to how the necessary services are to be financed, but are willing to supervise the carrying out of the works, should authority be issued by the Hon. the Administrator.

The result of the Board's letter was a request from the Provincial Secretary that a deputation should interview the Hon. the Administrator on 17th October with regard to the matter. Accompanied by the Vice-Chairman, and the Secretary and Treasurer of the Board, I interviewed Sir Frederic de Waal, who stated that the hospitals controlled by the Board are not Provincial institutions, but State-aided hospitals, and that the Provincial Administration declined to accept liability for the repairs to buildings which the Board had represented were necessary. This pronouncement was reported to the Board on 28th November last by the Buildings, Grounds and Equipment Committee, and at the same time that Committee informed the Board that they had received all the reports of inspections of the buildings of the Board's Institutions made by an officer of the Public Works Department detailed for the purpose; they submitted the following estimates of repairs and renovations abstracted from these reports:

Somerset Hospital	£3,911
Woodstock Hospital	1,520
Rondebosch and Mowbray Cottage Hospital	225
Victoria Hospital, Wynberg	450
Simon's Town-Kalk Bay Hospital	120
Peninsula Maternity Hospital (No inspection)	
Eaton Convalescent Home	330
McGregor Convalescent Home	65
Cape Town Free Dispensary	294
	<hr/>
	£6,915
	<hr/>

The Committee recommended that in framing the Estimates of the Board for 1924 the usual provision be made for expenditure on Repairs (Ordinary) at the several Institutions, and that under Extraordinary Expenditure additional provision be made specially for the expenditure set forth in the foregoing table, which it was pointed out covered only external work. This recommendation was adopted by the Board and carried into effect in framing the Estimates for 1924, which now await the approval of the Hon. the Administrator.

MOTOR AMBULANCES.—During the calendar year 1923 1,464 cases (including 101 arising from street accidents) were removed in the Board's ambulances, an average of 122 per month. Of this number 740 removals were free and 724 were charged for.

X-RAY APPARATUS.—A portable X-Ray apparatus and accessories have been provided for the Cape Town Free Dispensary, the cost being defrayed out of the donation of £260 to that Institution from the Estate of the late J. C. Hofmeyr. Similar equipment was also installed during the year at the Rondebosch and Mowbray Cottage Hospital and was paid for partly out of the proceeds of a dance held in aid of the Institution, the balance (£96) being provided by Mr. W. A. Philip as a special donation.

SIGNING OF ADMISSION FORMS TO HOSPITAL.—The Board, on 22nd August last, approved under Section 56 (1) of Ordinance No. 5 of 1912, of the Provincial Secretary and the Secretary and Treasurer of the Board, for the time being, being authorised to countersign the statutory Form of Admission to hospitals controlled by the Board.

RETIREMENT OF DR. A. MARIUS WILSON.—To the great regret of the Board, Dr. A. Marius Wilson, who had been a member since the Board was first constituted in 1913, retired during the past year, and also relinquished his appointment on the honorary medical staff of Somerset Hospital. At a meeting held on 22nd August last, the Board by special resolution recorded their acknowledgment and appreciation of the great services rendered for a period of over twenty-one years by Dr. Marius Wilson both to Somerset Hospital and to the sick poor of Cape Town.

OBITUARY.—At a meeting of the Board held on 27th June last year, it fell to me to make the following statement:

We meet to-day in the shadow of a recent bereavement. Mr. Hyman Liberman, who had been a member of the Board since its inception in 1913, died with tragic suddenness very early on Saturday morning. The late Mr. Liberman was appointed Chairman of the Finance Committee of the Board in April, 1921, and was reappointed a year later and again in April of this year. He presided as usual at the monthly meeting of the Finance Committee last Thursday, and the following afternoon, in his capacity of Chairman of that Committee, he attended (with the Secretary) a meeting of the Finance Committee of the City Council to make representations in connection with the forthcoming Street Collection in aid of the Hospitals of the Peninsula. His last public act was, therefore, in the hospital cause, a cause which he had very much at heart. Long before the establishment of this Board, Mr. Liberman was deeply interested in hospital and charitable work. He became a member of the old Board of Managers of Somerset Hospital in 1901, and during the year 1910-1911 was Chairman of that Board. His association with the management of the Cape Town Free Dispensary also began before that Institution came under the control of this Board and continued until the day of his death. During the ten years of his membership of the Cape Hospital Board he sat as a municipal representative appointed by the City Council of Cape Town. The chief characteristics of Mr. Liberman's public work were the keenness and business acumen he brought to bear upon it. His services as a City Councillor, as Mayor of Cape Town, as a leading member of the Chamber of Commerce, and in many other spheres of public duty, have been or will be referred to elsewhere.

We knew and respected him as a sterling colleague in hospital work, and we shall miss his shrewd comments and advice, especially in dealing with our financial affairs. His work on the Board, like all his public service, was done in no perfunctory manner, but with all the zest of a hobby. He was a man we could ill afford to lose.

The following resolution was then adopted in the usual manner:

That the members of the Cape Hospital Board hereby express their profound sorrow at the sudden death, on 23rd June, 1923, of their colleague, Hyman Liberman, Esq., J.P., and respectfully tender their sincere sympathy to the relatives of the deceased.

Another death has to be recorded in this report—that of Sir Walter Gurney, which took place on 7th January, 1924.

Sir Walter Gurney had many interests beyond the official duties of the high office which he held so successfully for many years, and hospital work absorbed a great deal of his leisure hours. In the days before the establishment of this Board he was for long associated with the Victoria Hospital, Wynberg, and when his appointment as first Controller and Auditor-General of the Union necessitated his removal from the Cape to Pretoria, his interest in hospital affairs did not languish. He joined the Board of the Victoria Maternity Cottage Hospital, Pretoria, in June, 1911, and remained a member until he retired from the public service in 1918. During these seven years he was also Honorary Treasurer of the Institution. In January, 1919, he was appointed a member of the Cape Hospital Board by the Administrator, and held office until April, 1922. During the whole term of his membership of the Board he was a member of the Finance Committee, and his great experience of financial affairs was always placed freely at the service of that Committee and was availed of fully. He also served as a representative of the Board on the Committee of the Victoria Hospital, Wynberg, the Committee of the Peninsula Maternity Hospital, and the Committee of Somerset Hospital. He was Chairman of the latter Committee during the year 1921-1922. His long and intimate connection with hospital work made Sir Walter Gurney a valuable member of the Board, and those of us who were associated with him always found him a pleasant and agreeable colleague.

The Board, on 23rd January, adopted the following resolution, which was transmitted to Lady Gurney:

“That the Cape Hospital Board desire to express their profound sorrow at the death, on 7th January, 1924, of Sir Walter E. Gurney, Kt., who, during a long period of his lifetime, was closely associated with hospital work, particularly in the Cape Peninsula, and was a member of the Board during the years 1919-1922; the Board also desire respectfully to tender their sincere sympathy to Lady Gurney in the great bereavement she has suffered.”

ACKNOWLEDGMENTS.—The thanks of the Board are due to the Committees of the several Institutions; the Mayoress of Cape Town (Mrs. R. J. Verster) and those who assisted her in organising the Hospital Ball; the organisers and collectors who carried through the Hospital Saturday Collection and the mid-week Street Collection; and the ladies who have continued the work of house-to-house collecting.

In concluding this report, I wish to express my gratitude to the members of the Board for the support they have given me throughout another year; my special thanks are due to the Vice-Chairman (Mr. A. J. S. Lewis) and to the Chairmen of the Standing Committees.
